

The LCSP is the nexus of critical thinking to deliver affordable life-cycle product support

1

The LCSP Evolves

5/20/11

2

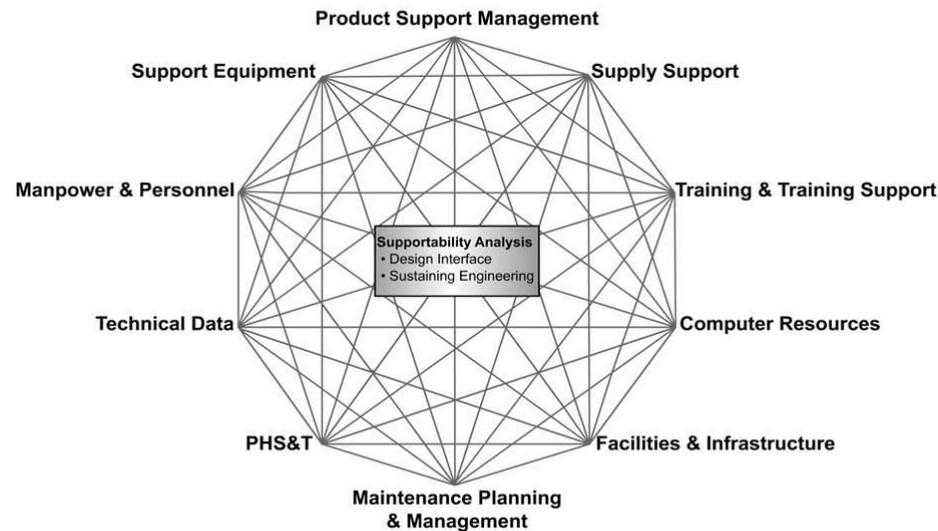

LCSP expectations

LCSP is...	LCSP is NOT...
<ul style="list-style-type: none"> It is the program's plan for fulfilling its product support strategy, which includes accomplishing policy and associated guidance It focuses on specifically how the program will implement it <ul style="list-style-type: none"> Who will do what When How (specific tools/processes) How much it will cost 	A rehash of policy or guidance
<ul style="list-style-type: none"> It is the program's management tool for delivering the product support package which includes communicating the plan at all levels 	Assembled solely to satisfy a Milestone Decision Authority at a milestone review
<ul style="list-style-type: none"> It is a living document describing the sustainment approach and resources necessary across the life cycle The LCSP must document the current program plan relative to sustainment 	Static, a document that lives separately from the management reality of the program
